MEMORANDUM

TO: Honorable Stansville Turner
Central Intelligence Agency

FROM: Jule M. Sugarman *JMS*
Deputy Director

SUBJECT: The President's Executive Exchange Program

You are aware, I know, of the President's support and interest in the President's Executive Exchange Program. Our goal is to insure participation by all Federal departments and agencies.

Nominations are due the President's Commission on Executive Exchange by May 1. In an effort to further expand the various executive management experiences available to candidates for the SES, I would appreciate your personal overview of nominees from your Agency. If your Agency does not plan to nominate, it will be helpful to the President's Commission to receive written word setting forth the reasons for non-participation.
